Frequently Asked Questions

What is a giving statement?

A giving statement is a detailed record of tax-deductible tithes and offerings given to Cornerstone Church from you and/or members of your household. Your giving statement will be helpful to you in preparing your taxes.

When is my statement available?

Your statement is available to you 24/7. As soon as a contribution is received and processed through the bank, it will appear on your statement. However, we do recommend waiting until January 10th before printing your statement out for tax purposes to ensure all tax-deductible contributions are included on your statement.

Is this system secure?

Absolutely! We take your security very seriously and have chosen a system that makes it easy for you to access your giving schedules and records, but also protects you.

All network communication to our online system is via SSL cryptographic protocol. This ensures that information is secured at the transport layer, end-to-end, using 128-bit encryption keys.

What else can I use this system for?

Having online access to your contributions is a feature we are pleased to offer year-round. You can log in at any time to view your giving for both the current calendar year and the previous year (simply choose the year you'd like to look at under Contribution History). You can also set up recurring

contributions, or make one-time gifts quickly and easily from home using an electronic check or your bank card. To access this in the future, click the "Giving Online" button on the homepage of the church website.
